Not much to report for the last month. I could talk about skiing or teaching a UAS class at ERAU if anyone were interested.

I went to the Scale Masters event in Mesa. There was a guy there selling large scale adjustable pitch propellers.

We plan to replace one of the plywood ramps as soon as I get the material and bevel the edges.

I found that there are no firm plans for ERAU to put a building near the field.

I hear that the FAA is working on a new rule that would allow recreational UAS pilots to receive compensation for giving flight instruction.

At the last meeting we voted in a revised dog rule.

Old Rule: Dogs (and any other pet) must be kept on a leash and confined to the parking lot side of the rail fence. The exception is an assistant dog.

New rule: Dogs (and any other pet) must be kept on no more than a 6 ft leash. The leash must be held or tied to either the fence or pergola. The exception is an assistant dog.

The next CFWU is scheduled for April 9th 8-10am.

The next indoor flying event is scheduled for April 17th from 5-6:30pm.

Dave

NEXT MEETING will be the first Tuesday of the month.

Meetings start at 7:00 PM in room 101, Building 21 (Robertson Aviation Safety Center)
On the Embry-Riddle campus, 3700 Willow Creek Road.

Visitors are welcome! **See you there!**
